# Flood Protect & Control Kit

## Help protect critical equipment & areas against water leak damage.

Small RMA-FPC-KTS
Large RMA-FPC-KTL

## We've got facilities covered.

Help protect your critical equipment and areas from water leaks or other spills with the Flood Protect & Control Kit. While Room Alert sends leak notifications to your team, the Berms, Barrier Mats, and Cleanup Mats in the kit can be protecting your equipment while you work to perform remediation. The Flood Protect & Control Kit is available in two sizes. For more information and specifications, please visit AVTECH.com.

MADE IN THE USA

GSA Approved
