

## Flood Sensor w/Cable

Protect your facility against water leak damage and damages & downtime.

### We've got facilities covered.

The Flood Sensor w/Cable allows you to monitor many different locations in your facility to help notify you instantly if water or any other fluid comes in contact with the attached cable. Wrap it around pipes, place it around sensitive equipment, run it along the floor near freezers or refrigerators, or any other location that needs to be monitored against leaks.
